/ WORK EXPERIENCE

>> E3 Consulting | Dec 2022 - Jan 2025 (2 years, 2 months)
Webmaster - Frontend Developer
I worked in the web development area, serving as a webmaster. My area specialized in developing websites for various clients, using a variety of technologies. Our most notable project consisted of the creation and maintenance of several websites for the American company EzCorp, with a main focus on their Latin American line of operations, developed mainly with Craft CMS.

Technologies: Craft CMS 4-5, JavaScript, Bootstrap, HTML, CSS, REST APIs, WordPress, Shopify, WooCommerce, GitLab, VPS, Linux, Google Cloud.

>> Morpheus DSS | Sep 2020 - Nov 2022 (2 years, 3 months)
Frontend Developer
I contributed to the frontend team, responsible for the design, structure, and development of both internal and external systems. My primary involvement was in a robust internal administrative system developed mainly for the customer service department.

Technologies: Electron.js, React.js, Swagger, MDBootstrap, REST APIs, NPM, GitHub.

>> Dood SAPI | Nov 2018 - Dec 2019 (1 year, 2 months)
Frontend Web Developer & Web Designer
Designed and developed CMS websites, landing pages, and online stores. Collaborated with marketing, design, and software departments to plan development processes and strategies for these projects.

Technologies: Adobe XD, Photoshop, HTML, CSS, Bootstrap, jQuery, JavaScript, WordPress, WooCommerce, Craft CMS.

>> Open Road Solutions | Jan 2015 - Mar 2017 (2 years, 3 months)
Web Designer - Web Care
Open Road Solutions | Jan 2015 - Mar 2017 (2 years, 3 months) Designed interfaces and maintained websites. Conducted UI/UX design processes for web interfaces. Developed components, implemented improvements, and standardized graphical elements for various systems, as well as created visual assets for the company's web and advertising needs.

Technologies: Adobe Illustrator, Adobe Photoshop, HTML, CSS, Bootstrap, jQuery, Joomla, WordPress.

/ EDUCATION

>> University of Celaya
